---	---

COMMITTEE MANDATE: The Community Indicators and Measures Committee, using RBA, will propose the structure for and complete a community report card about the health and well-being of children, youth and families in HPE using indicators that have been identified by the Committee and endorsed by the Network. To develop tools necessary to evaluate Network operations, and provide analysis and interpretation of data to the Network.

Item	Discussion/Motions	Recommendations <i>(things go forward to the Network)</i>	Action <i>(including Person Responsible and Completion Date)</i>
1. Welcome and Introductions	Introductions were given.		
2. Review of Agenda	Agenda was accepted as presented.		
3. Approval of Minutes	The Committee reviewed the minutes and agreed to approve them at the next meeting.		

Item	Discussion/Motions	Recommendations <i>(things go forward to the Network)</i>	Action <i>(including Person Responsible and Completion Date)</i>
<p>4. Business Arising from Minutes</p>	<p>Wendy Anderson advised that she has distributed more than half of the 10,000 brochures. Many will be distributed to Network members and will be available at the Core meeting on Thursday.</p> <p>For reprints, we will include a QR code directly to the CYSN (code that people can scan on their phone). We need to include the fact that the Network is supported by MCYS.</p> <p>Beverley advised that the two red flags are getting people’s attention and generating discussions.</p>		
<p>5. Establishing Indicators for repository and expanded report card</p>	<p>The Committee reviewed the ACTRochester website (www.actrochester.org) and discussed possible indicators for the repository and expanded report card. ACTRochester no longer publishes resources any more than one page; mostly everything is available on-line.</p> <p>The Committee discussed the key trends area of the website that showed a “Trends Snapshot”</p> <p>The Committee agreed to consider the trends in the attached table.</p>		<p>Brandi/Beverley</p>

Item	Discussion/Motions	Recommendations <i>(things go forward to the Network)</i>	Action <i>(including Person Responsible and Completion Date)</i>
	Beverley will include a note that stats do not include Aboriginal data.		
6. Allocating Responsibilities for Research	<p>The Committee agreed that we do not necessarily need a big inventory of everything that's being done, but we can take a broad view to identify some gaps.</p> <p>Beverley advised that she can get most of the data the committee has identified, but will appreciate assistance from members who have access to data related to their field.</p> <p>Brandi will send the table of indicators to the group. In September, we'll have a good starting point for forwarding this initiative. This will be presented on Thursday at the Network meeting.</p>	Table of indicators	Brandi/Beverley
7. New Business	<p><u>Network Evaluation:</u></p> <p>The Coordinating Team discussed developing/revising the network evaluation tool. The CIMC will discuss this at the September</p>
